

## Part 1

### Safety Induction

1

### Dear Honorable Visitors:

Welcome to Lam Tei Quarry. The following is a brief induction pack to ensure you have a safe visit to our site. If you require any further information please contact one of our site representatives.

We hope you enjoy your visit.

Yours Faithfully,

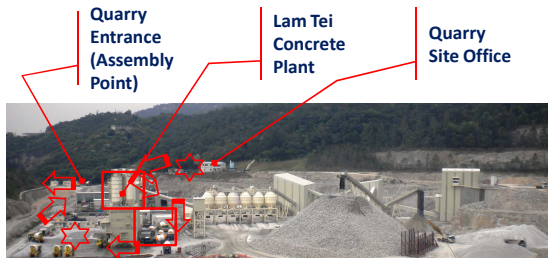

Management and Employees  
AHK Aggregates Limited

2

### Lam Tei Quarry Site Layout

3

### Emergency Assembly Point

Please stay with your site representative at all times

4

### Blasting Operation

5

### Personal Protective Equipment (PPE)

**Safety Helmet** and **Reflective Vest** must be worn on the site  
Enclosed shoes must be worn;

Signage throughout the site will inform you of what specific safety equipment is required for each area which included:

Safety glasses  
Dust masks  
Ear plugs  
Safety shoes

6

### Walking in the Concrete Plant area

Please beware of the hazards of large mobile plants;

Please keep a safety distance from the vehicles as they require a large working area.

Please draw the attention of the operator before approaching. Only approach after they acknowledge your presence

7

### Walking in the Concrete Plant area

Please beware of slippery floor. Never climb the safety barriers;

Never entry any places where has been indicated as unsafe or fenced off with warning signage;

Do not touch any machinery because the moving parts may endanger you;

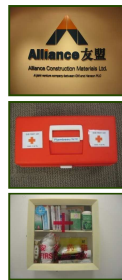

8

### Emergency Procedure – Accident – Injury

Please report any **hazards** you observe during your visit to our representative. Your observations are valued.

Please report any **injury** or **incident** to our representative.

We have **First Aid** representatives on site so assistance will be promptly provided.
