

IOM3 150th Anniversary Conference

Materials, Minerals and Mining in the Development of Hong Kong

8th November 2019 (Friday)

Time: 08:30 – 17:00

Venue: Versailles Ballroom, 3/F, Regal Kowloon Hotel, TST

Programme Highlights:

In 2019 the Institute celebrates its 150th anniversary. Its roots go back to the Iron and Steel Institute which was established in 1869, and it received Royal Charters in 1899 and 1975.

To celebrate this occasion, the Hong Kong Branch has put together a programme of lectures to cover a variety of subjects that are related to Materials, Minerals and Mining, and the development of Hong Kong. Subjects will range from a look back at what has been achieved in the past and look forward to what the future might hold in store for us. The role of technical Institutes such as the IOM3 in enabling this development will be discussed.

Registration Fee:

HK\$ 880 – includes buffet lunch and tea / coffee breaks

Online Registration:

Please register at the link: <https://forms.gle/khsC1K9KcErLge7r9> or by QR code

Payment Method:

HSBC Branch: 136 Account Number: 190592001

Account Name: The Institute of Materials, Minerals and Mining, Hong Kong Branch

Email the bank-in slip to Mr. George Ho at george.ho@aeacom.com

Confirmation of registration will be issued upon receipt of the bank-in slip.

For more information, please email our Mr. George Ho, at george.ho@aeacom.com.

Certificate of Attendance [1 Day] for Continuing Professional Development (CPD) will be provided to participants at the end of the event.

Distinguished Speakers

 <p>Prof Serena Best President, IOM3</p> <p>IOM3 - The Past, the Present and Our Future</p>	 <p>Mr James Blake Former Secretary for Works, Hong Kong Government</p> <p>Operations Fit for Purpose : The Lynch-pin of Successful Projects</p>	 <p>Prof C K Mak Honorary Professor, HKU Vice President International, ICE</p> <p>Coping with Uncertainty in Project Planning - Some Personal Reflections</p>	 <p>Prof Eric Ma Chief Executive Officer, NWS Holdings Limited</p> <p>Smart Use of Underground Space</p>	 <p>Mr John Battersby Group Managing Director of BKAsiaPacific Limited</p> <p>Avoiding Disputes in Underground Construction</p>
 <p>Mr Aaron Bok Head, CEO, HKSAR Government Vice President, HKIE</p> <p>Use of Fill Materials in Reclamation for Development of Hong Kong</p>	 <p>Mr Ambrose Linn Chief Executive, Hong Kong Construction Materials Association</p> <p>Facing Materials Challenges to Cope with Hong Kong Future Development</p>	 <p>Dr Richard Pang Director, Industry Development, Construction Industry Council</p> <p>Embracing Innovations and New Technologies for the Sustainable Development of Our City</p>	 <p>Mr Mark Wallace Director, ARUP</p> <p>The Role of the Engineering Geologist in the Development of Hong Kong - Observations, Analytics and Predictions</p>	 <p>Mr Guy Bridges Former President, IOM3 Hong Kong Branch</p> <p>The IOM3 in Hong Kong going from Strength to Strength</p>

Professor Serena Best - CBE

President of the IOM3 and Professor of Materials Science and Fellow of St John's College, Cambridge

Presentation Topic: IOM3 – The Past, the Present and Our Future

Mr. James Blake – GBS OBE JP

Former Secretary for Works, Hong Kong Government and President of the Hong Kong Institution of Engineers from 1991-1992.

Presentation Topic: Operations Fit for Purpose: The Lynch-pin of Successful Projects

Professor C K Mak – GBS JP

Honorary Professor, Department of Civil Engineering, HKU / Vice President of ICE and Former Permanent Secretary for Works and Head of the Railway Development Office

Presentation Topic: Coping with Uncertainty in Project Planning - Some Personal Reflections

Professor Ma Siu Cheung Eric – GBS JP

Chief Executive Officer, NWS Holdings Ltd (Former Secretary for Development of the Hong Kong SAR government)

Presentation Topic: Smart Use of Underground Space

Mr. John Battersby

Group Managing Director of BKAsiaPacific Limited and Honorary Life Chairman, Lighthouse Club International

Presentation Topic: Avoiding Disputes in Underground Construction

Mr. Aaron Bok

Head of Civil Engineering Office, CEDD of the HKSAR Government/ Vice President of HKIE

Presentation Topic: Use of Fill Materials in Reclamation for Development of HK

Mr. Ambrose Linn

Chief Executive, Hong Kong Construction Materials Association

Presentation Topic: Facing Materials Challenges to Cope with Hong Kong Future Development

Dr Richard Pang

Director-Industry Development of the Construction Industry Council; Former Deputy Head of the Geotechnical Engineering Office

Presentation Topic: Embracing Innovations and New Technologies for the Sustainable Development of Our City

Mr. Mark Wallace

Director, Arup; Director of Infrastructure, Arup. Chairman of the HKIE Geotechnical Division Working Group on Cavern and Tunnel Engineering

Presentation Topic: The Role of the Engineering Geologist in the Development of Hong Kong – Observations, Analytics and Predictions

Mr. Guy Bridges

Director, Aecom. Fellow of the IoM3 and Former President of the Hong Kong Branch of the Institute of Materials, Minerals and Mining

Presentation Topic: The IOM3 in Hong Kong going from Strength to Strength
