

Materials Science and Technology in Engineering Conference

“Innovative Materials Science and Technology in the Greater Bay Area Construction”

Thursday & Friday, 5-6 March 2020
Zero Carbon Building, 8 Sheung Yuet Road, Kowloon Bay, Kowloon, Hong Kong

BACKGROUND

With the total area of 56,000 km², a population of around 70 million and a GDP of HKD12.7 trillion as at end 2017, the estimated construction expenses on public works alone in the Greater Bay Area are more than HK\$750 billion in 2019, and expected to keep increasing in the coming years. The market demand for various construction materials in the Greater Bay Area will be at least HK\$250 billion per annum in the coming years.

Mega construction projects provide not only challenges to materials scientists, engineers, technologists and other professionals working or planning to work in the Area, but also unprecedented opportunities for the application of leading edge innovative materials and technologies towards more sustainable built environments.

MaSTEC is a classic event hosted by the HKIE Materials Division, but as distinct from previous conferences, MaSTEC 2019 aims to provide a platform for engineers, researchers, business leaders, industry experts and government officials to promulgate their latest innovations or pioneering applications of construction related materials, share information and experiences, and explore collaboration opportunities.

GUEST OF HONOUR

Ms Connie YEUNG, JP, Deputy Director (Development and Construction), Hong Kong Housing Authority

KEYNOTE SPEAKERS

Prof Jin-Guang TENG, President, The Hong Kong Polytechnic University, Hong Kong, China

CONFERENCE PROGRAMME

For programme details, please visit the website http://mt.hkie.org.hk/en_it_events_inside_Upcoming.aspx?EventID=229&&TypeName=Events+%2f+Activities

REGISTRATION & ENQUIRIES

For registration, please complete the registration form and have it returned to the Conference Secretariat with payment by check / credit card.

MaSTEC 2019 Conference Secretariat

c/o Centre for Research & Professional Development

Room 2108 Kimberland Centre, 55 Wing Hong Street, Kowloon, Hong Kong
